

2-Day

Leading Human Resources Program

HR for the everyday leader

About The Program

The role of today's contemporary leader is a multi-faceted one. Not only do we need to understand our own role, but we also need to have a sound knowledge of the processes surrounding the management of our most valuable resource – our people.

Although most organisations have internal Human Resource experts, it is important that every leader understands the HR role; what it is there for and how they need to reflect the policies and processes that support it.

Throughout this program we will follow the life cycle of a new staff member from recruitment and induction, to training and development, performance management, through the counselling and disciplinary processes and then into the organisational succession plan.

Over two days, expert facilitators will deliver 8 x 1½ hour sessions exploring a range of topics, all focused on preparing leaders to be better people managers.

These two days combined with 8 weekly digital challenges make it one of the most relevant HR leadership programs in Australia.

This is a practical, 'hands on' program that provides Human Resource Management information, skills and processes for the everyday leader.

You will not become an instant Human Resources Manager, but you will appreciate the importance of the role and the importance of your involvement in Human Resource Management processes and procedures as they apply to your workplace.

People matter – so empower yourself to manage and lead them better through more effective Human Resource Management knowledge and skills.

Testimonials

"The Leading Human Resources program was extremely valuable and informative. I took away a lot from the program and hope to implement some great change within our organisation."

Symonne Robinson - Glenelg Shire Council

"In my past 14-years of working within the government sector, this was the most interactive, beneficial and worthwhile training in relation to leadership. It was evident both presenters had an informed and invested knowledge of developing people's personal skills which was supported by the content delivered. The Leading Human Resources material we received in the training is now my bible!"

Sarah Willey - Department of Justice and Attorney General

"Very interesting and as always with Proteus relevant and very practical."
