

Leading Innovation And Strategy

**Moving Yourself And Your Workplace
Towards Exceptional!**

About The Program

“An organisation can only grow to the level its leaders are prepared to grow to.”

Des Penny

A leader's level of performance is primarily driven by how prepared they are to grow personally and professionally, and most of this growth comes about as a result of the way they think.

This unique program is designed to provide leaders with the skills and opportunities to develop the way they *think*, and therefore *perform* more effectively as a leader.

Leading Innovation And Strategy is about assisting leaders and their teams to think in new ways, to challenge the status quo and to see a bigger and better picture for the future.

Over two days an expert Proteus facilitator will deliver 8 x 1½ hour sessions exploring a range of topics, all focused on preparing leaders to better lead change, innovation and growth in their workplaces.

These two days combined with 8 weekly digital challenges makes it one of the most practical and relevant leadership programs in Australia.

The outcomes for leaders are tangible and can be applied back into the workplace immediately. Participants will learn how to:

- Generate new ideas and processes for action
- Better navigate chaotic and rapid change
- Build their leadership credibility
- Understand the new and evolving marketplace
- Create a culture of innovation
- More effectively influence stakeholders
- Move from an operational to a strategic mindset
- Lead the implementation of transformational change

This program is suited to those leaders who are passionate about improving performance and/or responsible for rolling out change.

The program is not only for individuals, but has also been developed for teams that are working together to drive growth and innovation in their workplace.

This is not just another training program, but is truly a leadership experience that will change the way you think about what you do and how you create your desired future.

Adelaide

Program 1 - 10th & 11th October

Brisbane

Program 1 - 2nd & 3rd October

Melbourne

Program 1 - 8th & 9th October

Sydney

Testimonials

"Change within our leadership is happening all the time and the opportunity to find the space to think creatively is often jammed between other forces and keeping up. This program provided me with some great opportunities to reflect on my thinking style and where I thought the opportunities were. The self directed learning and the comprehensive tools and models have provided me with instant fixes that I have already started to use."

Julie Fry - City of Stonnington

"The program was enlightening. I found the program stimulating, even as I sat in the sessions I was coming up with ideas of how I could do things differently in my workplace.

The concepts aren't complex, in fact, sometimes they seem too simple to be true but once explained you see their usefulness and the tools provided makes implementing them easy. I am excited to see how having a 'big picture' perspective changes my role and the way I work."

Joanna Rae - Camden and Campbelltown Hospitals

Digital Challenges

1. Getting Started

On registration, participants will receive confirmation of their booking followed by a second email 2 weeks before the program with a password and link for the digital component of the program.

Participants will be asked to create their profile and read and action any program prerequisites before attending the face-to-face days.

2. Face-To-Face

Participants will attend two face-to-face days and will be provided with an extensive program manual. Our expert facilitators will work with participants to get the most from these two powerful days.

3. The Digital Challenge

After completion of the two face-to-face days, participants will be required to complete the digital evaluation.

Participants will then receive a weekly challenge, by email for the next 8 weeks, that will allow them to log in on the device of their choice and complete their challenges.

At the end of the 8 week period, all submitted responses will be automatically populated to create a Live IT! Challenge Document, to be shared with their manager.

Once this document is complete and has been downloaded, then participants will be able to print a personalised Certificate Of Completion.
