Virtual Leadership Program

Leading Innovation & Strategy

Moving Yourself And Your Workplace Towards Exceptional!

PROTEUS Virtual

About the program

A leader's level of performance is primarily driven by how prepared they are to grow personally and professionally, and most of this growth comes about as a result of the way they think.

This unique program is designed to provide leaders with the skills and opportunities to develop the way they think, and therefore perform more effectively as a leader.

Leading Innovation & Strategy is about assisting leaders and their teams to think in new ways, to challenge the status quo and to see a bigger and better picture for the future.

Over 4 x half-days experts Proteus facilitator will deliver 4 virtual sessions exploring a range of topics, all focused on preparing leaders to better lead change, innovation and growth in their workplaces.

This program is also delivered as a face-to-face event over 2 x consecutive days.

These sessions combined with 8 weekly digital challenges, makes it one of the most practical and relevant leadership programs available.

The outcomes for leaders are tangible and can be applied back into the workplace immediately. Participants will learn how to:

- Generate new ideas and processes for action
- Better navigate chaotic and rapid change
- Build their leadership credibility
- Understand the new and evolving marketplace
- Create a culture of innovation
- More effectively influence stakeholders
- Move from an operational to a strategic mindset
- Lead the implementation of transformational change

This program is suited to those leaders who are passionate about improving performance and/or responsible for rolling out change.

The program is not only for individuals, but has also been developed for teams that are working together to drive growth and innovation in their workplace.

This is not just another training program, but is truly a leadership experience that will change the way you think about what you do and how you create your desired future.

- It is simple and intuitive to set up
- A link to your program will be sent to you on confirmation and then on the day of the program. You will be asked to click on the link, download and join the meeting or webinar
- You can participate on any device – Windows, Mac, Tablets, Smart Phones
- With updated security features, Zoom is a safe place to meet virtually
- Throughout your program, interactive features will be used including: Polls, Q&A and Chat boxes
- In our workshops and Leadership programs participants will be able to work in multiple breakout rooms where they can interact with each other in groups

Proteus facilitators will make your Virtual program an interactive and informative experience that **will change the way you lead.**

Personal program coaching

No matter how powerful and helpful a personal development program can be, sometimes we stumble when trying to implement the skills back into our workplaces.

To assist in this area, Proteus is now offering post program personal coaching sessions via phone or Zoom. Each session is **45 minutes duration** and is conducted by one of our professional team.

Coaching Investment

3 Sessions $1,500pp + GST

4 Sessions $1,800pp + GST

5 Sessions $2,125pp + GST

All prices are in AUD

Please feel free to speak to one of our helpful team to discuss a post program coaching plan for you and/or your team.

Program Portal

1. Getting Started

On registration, participants will receive confirmation of their booking followed by a second email 2 weeks before the program with a password and link for the program portal.

Participants will be asked to create their profile and read and action any program prerequisites before participating in the training sessions.

2. Training Sessions

Participants will attend either 4 x virtual sessions or 2 x face-to-face sessions and will be provided with an extensive program manual. Our expert facilitators will work with participants to get the most from these sessions.

3. The Digital Challenges

After completion of the training sessions, participants will be required to complete the digital evaluation, which will unlock the digital challenges.

Participants will then receive a weekly challenge by email, for the next 8 weeks, that will allow them to log in on the device of their choice and complete their challenges.

At the end of the 8 week period, all submitted responses will be automatically populated to create a Live IT! Challenge Document.

Once this document is complete and has been downloaded, then participants will be able to print a personalised Certificate of Completion. Participants will also receive a badge that they can share on social media and display in their profiles.
