Amidst the chaos of Covid, initially I thought the world had gone completely bonkers! However, as a pragmatic optimist, I held the belief that this was a once in a lifetime opportunity for positive transformation, where we can all recalibrate towards a world that is unimaginably better ...

Yet, clients repeatedly keep asking us in bewilderment: "What's going on? I just can't make sense of this world anymore. I'm not sure what we need to do moving forward. We need help!"

- Richard Dore

Join us for the Proteus 2024 series of 90-Minute Virtual keynotes featuring Richard Dore, where he will delve into the profound changes in the landscape of leadership and workplaces. Richard will offer insights on how to navigate and positively transform you through these new challenges.

Across this four-part series, Richard will decode the complexities of our changing and chaotic world. He will share compelling stories, valuable insights, practical tools, and roadmaps, guiding us to move beyond a self-centred, entitled mindset. His focus will be on embracing full accountability and working towards *What Really Matters*.
